Rules & Information

Teams - A qualifying school team must consist of a minimum of 3 athletes and a maximum of 4, all currently in full time 2nd level education at the same school they represent. **No athlete/animal may compete more than once in the same team.** Animals may not be schooled at the competition venue by anyone other than the athlete competing on the animal taking part in the competition. Should a qualified school fail to participate at the Championships without acceptable evidence for their non-appearance, this school will not be eligible to compete for a qualifying place in 2025.

Ulster Region Schools - It is the **school** that qualifies, not the **members** of the team at any qualifying venue, so it is therefore the responsibility of the Chef d'equipe to choose the athletes/animals to represent the school prior to entering the team for the Championship.

After each of the Ulster Region qualifiers, the successful school must confirm their attendance at Balmoral Show by entering online at

www.balmoralshow.co.uk/competitions/schools-team-showjumping. The entry fee of £140 must be paid online at this time and within 14 days of qualifying to secure the school's place in the Championship. Qualified teams will be updated on the Balmoral Show website after each team has confirmed their intention to compete and paid their entry fee.

Republic of Ireland Schools - Once qualified from the Equestrian Interschools Ireland League final, teams must enter online to confirm their attendance at

www.balmoralshow.co.uk/competitions/schools-team-showjumping along with entry fee of £140 and return the Final Entry Form with definite entries (team participants – athletes/animals with intended running order). As it is the intention to have a full complement of schools at the Championships, failure to return the required documentation and fee on time will result in the next eligible school from the Equestrian Interschools Ireland League being invited to attend.

Closing Dates - The Final Entry Form with definite entries (team participants – athletes/animals) with intended running order, must be received from both Ulster Region qualified schools and Republic of Ireland successful schools by Wednesday 17 April 2024. This form can be downloaded from the Balmoral Show website at www.balmoralshow.co.uk/competitions/schools-team-showjumping. The name, contact number etc., of the team Chef d'equipe must be identified on the entry form.

Substitutions - No substitutions from the definite entries are allowed, except in the case of a proven injury where the substitution of an athlete/animal from the definite entry list may be allowed up to 4.00pm on Friday 10 May 2024. After this date/time, no substitution will be considered. In this regard, the Organising Committee/Showjumping Sub-Committee's decision is final.

Order of Starting - The order of Teams starting at the Championship will be drawn by the Organising Committee on the day following close of entries, and all schools will be notified accordingly. Schools are required to make their definite entries in the order they wish their athletes to compete. Start lists for the Championship will be available online www.balmoralshow.co.uk immediately after the schools have been notified of the drawn order.

Entry Fee/Wristbands/Parking – Entry fee includes parking passes for 4 horse boxes and 1 car along with 10 wristbands (1 for each athlete, 1 for a parent/guardian of each athlete, and 2 for school representatives).

Only those with the correct wristbands will be permitted entry to the jumping pocket/warm-up arena.

Stable Reservations – Stables are limited and must be booked and paid for online in advance. Stabling costs £30 per night. All stables are 3m x 3m approx. Limited shavings are provided. Additional shavings available to purchase on site.

Arrival Times/Vaccinations/Passports - Teams may arrive on Friday night (providing a stable has been pre purchased) from 6pm – 9pm or on Saturday morning from 6am – 8am only. Entry to Balmoral Park may be refused outside of these arrival times.

All schools must indicate on their entry forms which day they intend to arrive to Balmoral Show. It is not necessary for all team members to arrive together.

All equine animals wishing to compete at Balmoral Show must be vaccinated against Equine Influenza. Passports with certification confirming proper vaccination must be available for inspection on arrival at Balmoral Show. No equine will be admitted to the showgrounds unless they have the following:

- The minimum of a Primary course consisting of 2 vaccinations, not less than 21 days and not more than 92 days apart (not within 7 days of the Show).

- A booster should then be given 150 – 215 days after the 2nd primary vaccination (not within 7 days of the Show).
- An annual booster should be given within 12 months of the previous vaccination (not within 7 days of the Show).

All vaccinations should be properly documented in the animal's passport and signed by a veterinary surgeon and stamped with their official practice stamp to authenticate each vaccination.

It is the owner's responsibility to ensure the above has been administered and all dates are correct. Failure to do so will result in the animal not being admitted to the Showgrounds.

Declarations – The Chef d'equipe should identify themselves at the Declarations Office beside the Practice Arena and must declare all team athletes/animals before 9am on Saturday 18 May 2024 to receive competitor numbers for all team athletes/animals. Numbers must be worn by all athletes while in the practice area and arena. The Chef d'equipe is the only person eligible to liaise with the Starter/Ground Jury regarding any difficulties during the competition, e.g. an animal losing a shoe etc. Any rider or school representative showing unsporting behaviour will automatically be disqualified from their team, and/or have their team disqualified.

Competition Format - Competitions will be run under Balmoral rules.

At the Championship and at all participating qualifying venues, the competition will be run as a two phase competition. 1st phase with a time allowed, 2nd phase against the clock, with a time allowed.

- Maximum height of fences will be 1m.
- A 45 second countdown will operate for phase 1.
- Penalties in the first phase will be scored, and time noted, but the bell will not be rung, and the athlete will continue to the second phase, **except** in the case of a fall of horse and/or athlete, when the bell will be rung to signal the end of the competition for that combination.
- Elimination in the first phase for jumping penalties will NOT automatically lead to non-participation in the second phase, unless the Ground Jury feel this is in the best interests of the horse/athlete, in which case the bell will be rung to signal the end of the round.
- Penalties in both phases will be as based on SJI rules. Article 236 Table A.
- The 1st team member in each team will compete first, followed by the 2nd team member etc. Should a team only have three athletes, the last athlete may choose to go in the 4th slot rather than the 3rd one, but if so doing the Chef d'equipe must inform the Ground Jury before the commencement of the competition, otherwise it will be deemed that the athlete goes in 3rd place slot.
- The best three scores in the first phase, together with the best three scores and time in the second phase, will establish the teams total score. These will not necessarily be the same athletes.
- Should there be equality of penalties and time for first place, a jump off will take place over a shortened course, by one athlete of each team, selected by the Chef d'equipe. At the Championships, should there be further equalities for either 2nd or 3rd place, a jump off will also take place, as above, to ensure there are three clear winning teams of the Championship for 1st 2nd and 3rd places.

Rules - All competitors are also bound by the general regulations and instructions for the Society's Annual Show as contained in the main Prize Schedule and Equine prize schedule which are available online.

It is not possible to provide for every conceivable eventuality in these Rules. Ultimately the RUAS Showjumping Sub-Committee will make a decision based on common sense and fair play, thus reflecting as closely as possible the intention of these rules.
